

# Wesion20

MADE IN GERMANY

## THE SAFETY GLASSES FROM A TRADITIONAL GERMAN COMPANY

The Wesion20 can be used as safety glasses for every occasion. It can be worn over most prescription glasses while offering a clear all-round view in addition to high wearing comfort due to its low weight.

Based on its plug-in temple system, the Wesion20 offers an excellent side protection as well as high robustness. The safety glasses correspond to optical class 1 and are certified according to PPE regulation 2016/425/EU as well as standard DIN EN 166:2002-04.
